

CALIBRATION LABORATORIES ACCREDITATION CYCLE AUDIT PLAN

Registration No.:

Name of accredited body:

NAT registration No.:

Accreditation cycle:

Serial No.	Areas	Accreditation procedure	Surveillance 1	Surveillance 2	Surveillance 3
1.	Acceleration, speed, displacement				
2.	Acoustics and ultrasound				
3.	Chemical (pH, gas mixture analysis)				
4.	Density, viscosity				
5.	Measurement of length				
6.	Measurement of electric power DC and low frequency				
7.	Measurement of electric power high frequency				
8.	Flow (including flow rate of liquids)				
9.	Force and torque				
10.	Hardness				
11.	Moisture content				
12.	Ionising radiation				
13.	Magnetic property				
14.	Mass				
15.	Optics				
16.	Pressure and vacuum				
17.	Temperature				
18.	Time and frequency				
19.	Volume				
20.	Others				

Audited areas:

Related regulations: MSZ EN ISO/IEC 17025:2005, NAR-01, NAR-18, EA-4/02, ILAC G8
